SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK  
ON LICENSE 050176047

REF: 2006 BLUE LANTERN GUIDEBOOK

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a post-shipment check on license 050176047 for the export of International Traffic in Arms (ITAR)-controlled C-130 and L-100 aircraft parts and components to Saudi Arabia. Post is requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

13. Reason for request: Airborne Product Support Ltd. (APS) has a record of unfavorable Blue Lantern checks; no checks have been conducted since 2001; no documentation from foreign end-user, Royal Saudi Air Force (RSAF); commodities with risk of diversion.

14. ACTION RIYADH: The Department requests that Post confirm that the Foreign End-User, RSAF, ordered the items listed for the purpose stated on the license application. In addition, the Department requests that Post confirm RSAF's relationship with APS (UK) or any other APS locations.

ACTION LONDON: The Department requests that Post make inquiries with appropriate officials to establish the bona fides of APS in the transaction. Post is also requested to ask APS about its international subsidiaries. Conduct a site visit to assess the company's reliability as a recipient of United States Munitions List (USML) articles as well as an assessment of the company's on-site security and operations. If a site visit is not possible, please inform the PM/DTCC case officer.

The following points are included for guidance:

--Can APS provide documentation that verifies the end-use of the aircraft components, such as a contract or purchase order?

--What type of organizations are among its typical customers and where are they located?

--Does APS have any subsidiaries or affiliates outside of the UK? If so, where are they located (please provide specific addresses)? When were these subsidiaries established?

--Does APS understand the restrictions on USML items, especially the prohibition against unauthorized re-transfer and re-export?

END ACTION.
